Contents

Acknowledgments	?
Preface	?

Part I — Getting Started

1.	Set Up Rust and the Bevy Engine	?
	Checking Your Rust Version	?
	Setting Up a Workspace	?
	Creating Your First Workspace	?
	Bootstrapping Bevy	?
	Reviewing the Entity Component System	?
	Saying Hello to Bevy	?
	Displaying a Graphic with Bevy	?
	Moving Entities with Bevy	?
	Wrapping Up	?

Part II — Your First Library

2.	Create and Test Your First Library	?
	Hello, Library World	?
	Generating Random Numbers as a Library Service	?
	Unit Testing Your Random Number Generator	?
	Integration Testing Your Random Number Generator	?
	Creating Generically Typed Random Numbers	?
	Using Inclusive Ranges	?

	Working with Generic Functions	?
	Wrapping Up	?
3.	Optimize and Benchmark Your Library	?
	Measuring Random Number Generator Performance	?
	Changing Random Algorithm	?
	Testing Your Feature Flags	?
	Optimizing for Bevy	?
	Scheduling and Mutability	?
	Wrapping Up	?
4.	Document Your Library	?
	Documenting Rust Code	?
	Working with Block-Level Documentation	?
	Documenting Functions	?
	Including Code Examples	?
	Wrapping Up	?

Part III — Flappy Dragon Flies Again

5.	Build Reusable Game State Management	?
	Setting Up Flappy Dragon	?
	Understanding Bevy and Game States	?
	Modeling Game State	?
	Building a State Management Plugin	?
	Adding Game Menus	?
	Tidying Unwieldy Syntax with Macros	?
	Updating Pig to Use Menus	?
	Wrapping Up	?
6.	Manage Your Game Assets	?
	Understanding Bevy Assets	?
	Building an Asset Manager	?
	Creating a Loading Screen	?
	Adding Sound to Flappy Dragon	?
	Wrapping Up	?

7.	Teach Your Dragon to Fly	?
	Adding Frame-Based Animation	?
	Simulating Movement with Parallax Layers	?
	Creating Consistent Movement with Physics	?
	Wrapping Up	?
8.	Build Obstacles and Collision Detection	?
	Building a Collision-Detection Test Bed	?
	Removing Square Roots from Distance Calculations	?
	Improving Collision Detection with Bounding Boxes	?
	Reducing Collision Checks with Spatial Partitioning	?
	Upgrading Quad-Tree to a Library Service	?
	Wrapping Up	?
9.	Smooth Physics with Tweening	?
	Smoothly Integrating Physics Steps	?
	Rotating Your Dragon	?
	Predicting Imminent Collisions	?
	Wrapping Up	?

Part IV — Mars Base One

10.	Welcome to Mars Base One	?
	Building a Mars Base One Outline	?
	Creating a Starting Point	?
	Adding a Ship	?
	Moving the Ship	?
	Adding Game Over Conditions	?
	Wrapping Up	?
11.	Build a Mining Outpost on Mars	?
	Zooming In	?
	Making the Camera Follow the Player	?
	Building a Martian Mining Outpost	?
	Carving a Linear Corridor Between Rooms	?
	Bouncing Off Walls	?

	Adding a Background Thread for World Building	?
	Wrapping Up	?
12.	Optimize Mars Base One	?
	Displaying the Frame Rate	?
	Making a Mesh	?
	Optimizing Collision Detection	?
	Adding Visual Embellishments	?
	Wrapping Up	?
13.	Add Miners and Energy Shields	?
	Adding Some Graphics	?
	Placing Miners, Batteries, and Fuel Tanks	?
	Adding Shields and Fuel	?
	Adding Particle Bursts	?
	A Generic System for Collecting Things	?
	Depleting Shields	?
	Running Out of Fuel	?
	Winning the Game	?
	Finalizing the Systems	?
	Wrapping Up	?
14.	Build a High Score Server	?
	Calculating Scores	?
	Passing the Score to the Game Over Phase	?
	Serializing Scores	?
	Submitting Scores with Ureq	?
	Building a Server	?
	Displaying Scores	?
	Displaying High Scores in the Game	?
	Wrapping Up	?

Part V — Library Curation

15.	Share Your Library	?
	Is Your Library Worth Sharing?	?

Is Your Library Ready to Share?	?
Choosing the Right License	?
Keeping Your Secrets	?
Collaborating with Others	?
Preparing Your Library for Sharing	?
Wrapping Up	?
Bibliography	?
Index	?
